

Report Server Monitoring

Dashboard Description

Dashboard Goals:

The primary objective of this dashboard is to track end-users and analyze their behavior when accessing or interacting with our dashboards.

Metrics:

Visit (Execution):

Represents an instance of a user either visiting or refreshing a dashboard.

Visit Count:

The total number of visits and refreshes performed by end-users (these actions cannot be separated).

User Count:

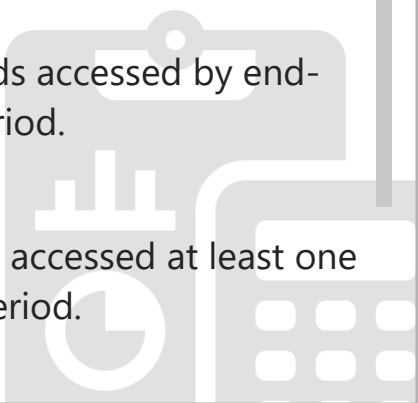

The distinct number of users who accessed at least one dashboard during the selected time period.

Active Dashboard:

The distinct number of dashboards accessed by end-users within the selected time period.

Active Users:

The distinct number of users who accessed at least one report within the selected time period.
